This week several United States Senators & Representatives sent a formal letter to Attorney General Garland asking for a more detailed findings on the Department of Justice investigation of the packers. Let's hope this is a step in the right direction for independent livestock production. Unfortunately, I think it takes government intervention to bring on some meaningful change into our very dysfunctional system we have in place today. As we approach Memorial Day, we thank all the families whose loved ones have paid the ultimate price in defending & preserving democracy all over the world. We owe you our eternal gratitude!

Hope everyone has a safe and enjoyable Memorial Day Weekend. God knows we all need it. If it wasn't for some very brave people and Veterans, we wouldn't be able to have what way too many people take for granted. How spoiled most are and how sad the way our country is going in the wrong direction.
Husband was sipping on his crown and coke on the back patio with his wife and he said – I love you so much I don't know how I could ever live without you. His wife with a twinkle in her eyes that hadn't been there in years said – Honey is that you talking or the whiskey? He replied with a smile and said – I was talking to the whiskey.
