Well, it looks like after Jan. 12th, 2021 no matter what you want, we will all be wearing masks. Another freedom of choice gone. We can play high school football but no college. Don't understand that.
In Respect...why do we have to stop living to live? If nobody attends PRO Sports, College Sports, ect... their bank accounts could over ow. No need for another hand out. It's not really how much you make, it's what you save.
With the election coming, I wish someone would address the real problems. National De cit Spending.... How much will taxes go up.... Will the death tax come back..... Health Insurance... The Borders....? Remember the only place to get money is from the people that have the money. You can't get blood out of a turnip. Maybe in 4 yrs we will all be equally broke. Can't wait to get on the bus. I don't think we know how good we have it.
